SCRC Standard Colors

Golden Khaki SC01

Desert Beige SC02

Terra Cotta SC03

Forest Green SC04

Colors are printed reproductions and are for descriptive purposes only. Refer to manufacturer's samples for absolute color fidelity. Color guides and samples are available from Bobrick on request. SCRC minor edge nicks and random color variations are normal consequences of manufacturing material containing natural fibers. Material can vary in color between thicknesses and production batches. Where color consistency is critical, Compact Laminate 1080 DuraLineSeries is recommended. Discoloration of the edges may occur in environments with significant light exposure. TRESPA is a registered trademark of Trespa International BV. Visit bobrick.com for the latest colors and patterns.
